RED HAT OPENSHIFT Container Platform

redhat.

Kafka on OpenShift demo

Run a sample Ordering App + Kafka on OpenShift

Strimzi -
https://strimzi.io

Prometheus -
https://prometheus.io

Grafana -
https://grafana.com

Red Hat Container Catalog -
https://access.redhat.com/containers

Kafka on OpenShift demo

If you want to familiarize with kafka code, have a look at some examples:

Order sample App -
https://github.com/hifly81/ocp-meetup-rome

Kafka-play -
https://github.com/hifly81/kafka-play

Evolve the Ordering App
using a kafka stream inside

Thank You!!!
